

# Non-vehicle Operator Membership

2020

# Why Logistics UK?

## Why be a member?

Join over 18,000 other members to gain access to the tools that keep your operation safe, efficient and compliant.

## Let Logistics UK be the key component in your logistics operation

Logistics UK is one of the biggest business groups in the UK, supporting, shaping and standing up for efficient logistics. We are the only organisation in the UK that represents all of logistics, with members from the road, rail, sea and air industries, as well as the buyers of freight services such as retailers and manufacturers whose businesses depend on the efficient movement of goods.

Our members remain at the heart of our organisation and we feel it is important the money you spend on your Logistics UK membership is used to improve the industry, policies and legislation.

### Operator licensing for vans

It now seems entirely likely that vans will be coming into scope of operator licensing through European law in the next few years. Logistics UK is fighting through its permanent presence in Brussels to reduce the impact of the proposals, but hire and reward van operators who move goods internationally will almost certainly be required to hold an operator licence.

### Smart tachographs

Next generation 'smart' tachographs will be mandatory in all new vehicles. Vehicle operators will need to get ready before then, particularly those companies with a tachograph workshop, or when they make vehicle procurement decisions. Logistics UK can keep you up-to-date.

### Continuous development of transport managers

Traffic Commissioners are increasingly looking for evidence at licence renewal of how transport managers and directors of standard and restricted licences are keeping their knowledge up to date. Logistics UK can help you to understand what is expected and provide you with the means to keep the TCs happy, whether that is through a training course or other compliance information, events and sources.

### Brexit

The subject everyone is talking about. We champion your best interests and aim to be the voice of logistics and supply chains on Brexit.

### Membership Relations Manager

Your membership includes a dedicated **Membership Relations Manager** in your area, who will deal with any enquiries or needs your operation may have.

### Information

Our position within the industry ensures we have a wide and trusted knowledge base. Information is available to you via a range of channels including **free member briefings**, **compliance guides** and **briefing notes** on new or changing regulations, **member-only website content** and the highly regarded *Logistics UK Yearbook of Road Transport Law*.

### Advice

As a valued member of Logistics UK we want to make sure when you need advice and support it is easily available. That is why you will have unlimited telephone and email access to our **Member Advice Centre\*** and **Customer Service Centre\*\***

### Supporting our members

We proactively work to help minimise the impact of any new legislation, regulations or taxation. Some of the issues include: Brexit and international connectivity; transport taxes; the need for better roads and rail infrastructure (locally and nationally); skills training (including shortcomings of apprenticeships and the levy); labour shortage; urban access restrictions (both emissions and London's direct vision requirements); the Roads Policing Review; longer semi-trailers; modernisation of operator licensing Earned Recognition; FORS; self-employed status; and, supporting options to decarbonise freight.

## Be Compliant

At Logistics UK, compliance is of prime importance. Whilst it can be complicated, we are here to help your operation stay compliant.

Let us be your guide and your support. Our experts can help to explain legal issues, any upcoming legislation and changes to current legislation, how these relate to your operation and what measures you can put in place to avoid non-compliance.

We want to make sure all our members recognise compliance within their operation – this is of upmost importance.

# Be Confident

Save time with all the information you need in one place. Our clear implementation advice also helps you save time on planning.

Cut costs through minimising business risk, eliminating the cost of third party solicitors or consultants and benefit from discounts on other Logistics UK products and services.

## Compliance Confidence Index

Our online Compliance Confidence Index (CCI) is a short survey, created to give you confidence in your operation.

Based on your opinion of your operation, the CCI is designed to help you target areas within compliance where your organisation may have weaknesses. The survey gives you a score based on your answers which represents the degree to which your organisation is covered over a number of areas of compliance. If there are gaps, our **Membership Relations Manager** will recommend ways we can help you.

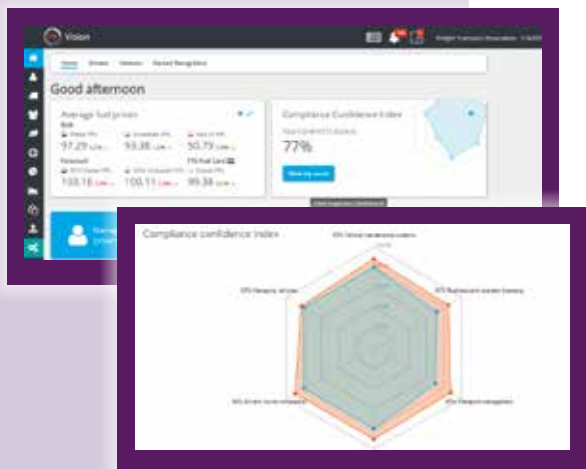

### Membership Relations Manager

Your membership includes a dedicated **Membership Relations Manager** in your area, who will deal with any enquiries or needs your operation may have.

### Advice

As a valued member of Logistics UK we want to make sure when you need advice and support it is easily available. That is why you will have unlimited telephone and email access to our **Member Advice Centre†** and **Customer Service Centre†\***

†9am to 5pm, Monday to Friday. \*Calls may be recorded for training purposes.

# Be Connected

## Influence

Our Freight Councils offer members the opportunity to get actively involved in influencing Logistics UK's policy agenda.

Regional Freight Councils meet in 13 locations across the UK. There are also Air, Road, Rail and Water Councils that all members can join, as well as Shippers Council for cargo owners (retailers, manufacturers and wholesalers), a Strategic Council to address long-term issues, and a further 10 working groups focusing on more detailed logistics issues, such as customs, environmental footprint and access to skills.

These are complemented by regular Webinars and web-meetings to provide information and gather member views on fast-moving issues.

Logistics UK is also represented at the highest levels of EU logistics policy through its office in Brussels, European Commission advisory groups and trade bodies such as the European Logistics Platform.

## Information

Our position within the industry ensures we have a wide and trusted knowledge base. Information is available to you via a range of channels including **free member briefings, compliance guides and briefing notes** on new or changing regulations, **member-only website content** and the highly regarded *Logistics UK Yearbook of Road Transport Law*.

## News

Up-to-the-minute industry news is available in various forms to suit you. These include **email news bulletins, instant traffic alerts and member only sections of our website**. Logistics UK also publishes *Logistics magazine*, which covers wider industry updates and also more member-focused news.

Shape policies and the future of the industry through our Freight Councils whilst staying better connected with industry peers through a variety of networking opportunities.

## Exclusive services

There are a range of services that are exclusive to members (opposite). Use of our member logo is also available, along with vehicle stickers.
