Logistics UK Fuel Card

Manage, control and reduce your fuel costs

Logistics UK Fuel Card

Logistics UK recognises that fuel costs account for a significant percentage of annual expenditure and their successful management can be pivotal to the success of our members' profitability.

To address this, we constantly strive to secure the best fuel deals possible on behalf of our member companies to ensure that you can keep your fuel costs as low as possible. In addition, we are a founding supporter of FairFuelUK which actively fights for lower fuel prices at the pumps.

As one of your member-only benefits the Logistics UK Fuel Card has been developed in partnership with The Fuelcard Company to provide you with a host of benefits that include financial savings, risk management and streamlining of your administration processes.

This brochure presents the features and benefits of the Logistics UK Fuel Card in four main areas.

Pricing	page 3
Network and support	page 4
Online management and reporting	page 6
Admin and security	page 7

“We are delighted with the HMRC VAT approved invoicing and the service levels we receive as Logistics UK Fuel Card holders and we are pleased with the news that the network of 2,040 stations is set to expand even further”

David Payne
Transport Manager
Payne Bros UK Ltd

Pricing

The pricing structure of the Logistics UK Fuel Card is designed to give you peace of mind that you are reducing your fuel costs, remaining fully informed, and in control of your fleet reducing your administration time.

Save money

- Cards are free in the first year. After this, a small annual fee will take effect for each subsequent year (this fee enables you to keep managing your fuel costs with us).
- Diesel prices are fixed weekly so you can control your costs by budgeting and forecasting accurately.

Retain control

- Manage the cost of incremental products by deciding which products your drivers can purchase, from fuel only to adding lubricants, AdBlue and truck washes.
- Use velocity controls to reduce potential fraud by limiting the number of fills, volume available and even where and when your drivers can use sites.

Enjoy convenience

- Receive price notifications by SMS text message, email or fax.
- Access bills and account details anytime with our online management system.
- Weekly invoices provided with up to 14 days' credit.

Benefits

- £ *Save money.*
- £ *Retain control over your fleet costs.*
- £ *Minimise the hassle of managing fuel purchases and reporting.*

Network and support

The Logistics UK Fuel Card with the backing of The Fuelcard Company and Keyfuels, provides you with access to an unrivalled fuel network and the expertise to ensure you get the support you need, when you need it.

Retain an efficient fleet with convenient sites

- Our network is one of the largest available in the UK, with more than 2,050 fuelling stations, of which over 500 are HGV friendly.
- Our dedicated team is committed to adding more sites to the network and is happy to investigate sites that you would like to see added.

Save your drivers' time

- By installing our maps onto satellite navigation devices or by using one of our apps, your drivers can locate convenient fuel sites with minimal hassle and road deviation.

Have peace of mind

- Our card is supported by the UK's number one fuel management provider so you can be assured that you have our support when you need it.
- More than 90% of customer service interactions are graded good to excellent, ensuring your business is supported when you need it most.

Benefits

- *The largest commercial network in the UK.*
- *Technology to keep you moving.*
- *Supporting you with trusted customer service.*

Online management and reporting

Online account management is delivered through 'e-flex', a system, which when combined with your telematics data, measures the efficiency of individual vehicles and can even provide driver miles per gallon figures.

This software enables fleet managers to implement more effective fuel management strategies that monitor every litre of fuel; delivering vital vehicle performance data.

times and enough left over for
a trip to Kazakhstan!

Admin and security

Our aim is to reduce the amount of time and money you spend on managing your fuel purchases by cutting down admin tasks and providing intelligent reporting.

Save time

- Our simple, HMRC approved invoices are grouped by card number or vehicle registration to reduce the time spent by accounting staff and drivers for expense reporting.
- Grouped transactions allow you to easily identify anomalies in fuel purchasing, pinpoint less profitable routes and support driver training requirements.

Reduce risk

- Minimise the costly impact of fuel fraud as our cards can be embossed with the company name and driver name or vehicle registration.
- Zero liability can be added to each of your cards so that in the event of theft, you have no liability for the stolen fuel.

Offset your CO₂ emissions

- Our Ecopoint package offers you a greener way to manage your fuel expenses. For only £1 per card, per month, you'll benefit from our carbon offsetting scheme and other tools to reduce your carbon footprint.

Benefits

Save time with our intelligent reports.

Reduce the impact of fuel fraud on your business.

Offset your carbon emissions.
