Logistics UK's Compliance Review Service is designed to provide transport operators with a comprehensive digital Management Information report of their driver and vehicle compliance data. This service is aimed at Transport Managers and operators who require dedicated time with Logistics UK's professional and skilled compliance advisors.

## Here's an overview of what you can expect from the Compliance Review Service

### 1 Detailed Infringement and Fault Identification

- The Compliance Review Service includes a detailed comprehensive management report and detailed analysis of your driver and vehicle compliance data.
- Compliance advisors will identify and highlight any infringements or faults in your operations, ensuring a detailed understanding of areas that require attention.

### 2 Interpretation of Results and Legal Obligations

- Compliance advisors will help you interpret the results of your compliance data in relation to your legal obligations.
- They will provide guidance on how the identified infringements or faults align with the working time directive, driver's hours, and tachograph legislation.

#### Vision Webinars

Vision webinars provide training and guidance on using the Vision platform effectively. The webinars are modular based, allowing participants to select and attend the modules that suit their specific requirements.

### 3 Uncovering Trends and Improvement Strategies

- The Compliance Review Service aims to uncover trends in your compliance data, identifying recurring issues or patterns.
- Advisors will provide insights into these trends and offer recommendations on areas to improve, how to address the identified issues effectively.

### 4 Risk Management Advice

- As part of the service, Logistics UK's specialist team will provide risk management advice, covering the risk to your operator's license and reducing stress.
- They will assist you in implementing strategies to manage compliance risks and reduce the likelihood of future infringements or faults.

### 5 Non-Conformity Benchmarking

- The Compliance Review Service includes non-conformity benchmarking based on Logistics UK's industry-leading dataset.
- This benchmarking allows you to compare your compliance performance against industry standards, providing valuable insights and a reference point for improvement.

### 6 Practical Solutions and Best Practices

- The Compliance Review Service supports you in effectively counselling drivers and working towards best practices in your operation, regardless of size and industry.
- You will receive practical solutions to address compliance issues and enhance the overall compliance and operational performance of your drivers and vehicles.

The Compliance Review Service provides transport operators with comprehensive reviews of their compliance data, expert analysis, and practical solutions to improve compliance and operational performance. By leveraging this service, you can proactively manage compliance, mitigate risks, and ensure adherence to legal obligations, ultimately enhancing the overall effectiveness and compliance of your operations.

#### Cost Savings

Significant cost savings by outsourcing versus in-house analysis, providing you with detailed management reporting allowing you to devote more time to driver and vehicle management legal obligations
