

LOGISTICS UK

Logistics UK Services

Logistics UK has been supporting the interests of those who are entrusted with the transportation of goods since 1889. Our 130 years' experience of representing logistics and the buyers of logistics services leaves us uniquely well-placed to help with your operation.

Leading UK Logistics

Whether new to Logistics UK or a long-established member, our team of experts will be able to provide all the support needed to run any operation compliantly efficiently and sustainably.

As one of the UK's biggest business groups, we aim to secure the best possible outcomes for the logistics sector. We do this by influencing Government and key decision makers on a regional, national and international level. We urge all our

members to engage with our Freight Councils, briefings and webinars, to ensure they are receiving the full benefit from their membership.

Knowing that operations are being run safely, legally and compliantly will give any company enormous peace of mind.

For more information visit www.logistics.org.uk

Membership

Logistics UK membership packages will provide the tools to keep operations safe, efficient and compliant. We also champion company best interests when it comes to new transport policies and key issues.

Logistics UK members benefit from the following:

Save time

We work hard to understand our members' needs and ensure we give them the best advice and information. There is a wealth of expertise on hand for our members so that they can get the answers when they need them.

Our Member Advice Centre is **only** available to members and provides access to our transport advisors. They give expert advice and answers to legal and operational questions.

Save money

An Logistics UK member saves an average of over £500 on our key products and services.

Increase operational efficiency

Keep ahead of new legislation, implement best practice and utilise extensive information and advice.

Gain peace of mind

Logistics UK offers a range of services that members can access, enabling them to surround themselves with the information, guidance and opportunities to feel confident in their involvement in the logistics arena.

Keep informed of the latest industry developments

Keep ahead of new legislation, implement best practice and utilise extensive information and advice.

Vision Compliance Platform

The Vision platform provides a unique organisational view of drivers and fleets. Vision integrates third party data, such as telematics and remote downloads, to feed critical compliance-related information into the system for storage, analysis and management.

Vision supports a range of Logistics UK services from Tachograph Services and Vehicle Inspection Service to fuel price monitoring, from PCN administration to driver licence checking and DVSA Earned Recognition scheme. It's a one stop window on critical fleet and driver information!

- **Control compliance**
- **Drive efficiency**
- **Benchmark operations**
- **Cut costs**

For more information visit www.logistics.org.uk/vision

Earned Recognition (ER)

As an authorised Earned Recognition audit provider, Logistics UK can support an operator's application by providing a full and comprehensive audit required to join the Earned Recognition scheme. Audits are undertaken by our competent and qualified auditors who fully meet and exceed DVSA's auditor criteria at a location(s) of a customer's choice. Following the audit, a comprehensive, documented report will be produced, clearly identifying where standards have been met. Where opportunities for improvement have been identified, our expert team can support operators in creating an action plan to address issues and arrange

a re-audit of these areas to demonstrate full compliance with all Earned Recognition audit standards. Full audits can be carried out initially and then again periodically, every two years.

Logistics UK is also an authorised Earned Recognition drivers' hours IT systems provider (Vision) and can support operators with the continuous monitoring and reporting of drivers' hours KPIs to DVSA.

For more information please www.logistics.org.uk/ERAudit

Vehicle Inspection Service (VIS)

Logistics UK's Vehicle Inspection Service (VIS) can save you up to £260 annually per vehicle, whilst also protecting your reputation.

As stated in DVSA's Guide to Maintaining Roadworthiness, vehicle operators are responsible for the maintenance of their fleets. This responsibility cannot be outsourced to a maintenance provider. VIS is an independent service which ensures that your vehicles are being maintained in a roadworthy condition.

These industry leading UKAS-accredited inspections cover HGVs, LCVs, vans, passenger vehicles, specialist vehicles and mechanical handling equipment.

VIS team also provides specialist services like Defra inspections as well as irtec technician assessments accredited by IRTE.

All VIS reports are available in Vision – allowing users to manage driver and fleet compliance via a single portal and providing a unique view of their organisation.

For more information visit www.logistics.org.uk/vis

Tachograph Services

Logistics UK's Tachograph Services provide you with a complete bespoke solution to support you in managing and improving your compliance with drivers' hours and tachograph regulations, offering tailored solutions to suit your company size, operational processes and individual needs.

The range of services comprises of:

- Tachograph analysis
- Tachograph on-site compliance service
- Tachograph contract management service

For more information visit www.logistics.org.uk/tacho

Van Operations

Logistics UK offers a range of services that are tailored to assisting those that use one or multiple vans, ensuring operations are safe, compliant and efficient. Van Excellence is a programme devised by Logistics UK to support van operators of all industry sectors. At its heart are the Van Excellence Standards outlining 'what good looks like' in van operations.

In addition to this, Logistics UK also offers the Van Excellence Audit – a scheme which enables any van operator to be independently audited against a set of unique industry-developed standards.

For more information visit www.logistics.org.uk/van

Logistics UK also offers other Excellence schemes, designed in partnership with the industry, these schemes aim to raise standards and recognise excellence. Certification to our family of excellence standards also include:

Truck Excellence

Truck Excellence is designed by the industry for the industry, providing operators with peace of mind in the legal compliance of their truck fleet.

Driver Agency Excellence

A voluntary initiative which has been developed alongside operations and driver agencies. It aims to recognise, encourage and promote best practice within the sector.

For more information visit www.logistics.org.uk/excellence-schemes

Consulting and Standards

Ensure your systems' and processes' legal compliance, safety and efficiency with Logistics UK's independent audits and reviews. Join industry excellence schemes recognising, encouraging and promoting good practice within the sector.

Consultancy services

Logistics UK's consultancy service provides an independent perspective on difficult operational matters that can unlock savings, increase performance and reduce risk. We offer:

- Public Inquiry help.
- Workplace transport safety advice.
- Operations efficiency analysis.
- Engineering investigations.

Audits

Our audits provide your operation with impartial structured examination and assessment from industry experts. Delivered by a team that is certified to an ISO9001 quality management system standard and recognised by DVSA as an authorised Earned Recognition audit provider, Logistics UK's audits are a best-in-class solution to keeping your operation efficient, safe and compliant. We deliver:

- Vehicle Standards Audit.
- Operator Licence Audit.
- Tachograph Systems and Driver Management Audit.
- Earned Recognition Audit.
- Vehicle Maintenance Audit.

Excellence schemes

Managed by Logistics UK, Van Excellence and Driver Agency Excellence schemes are voluntary initiatives open to van operators and driver agencies respectively. Their aim is to recognise, encourage and promote best practice within their sector. Each scheme requires an annual audit to be completed to ensure the scheme's standards are in place and can be demonstrated.
