Nine reasons why Hertz is the right solution for your fleet requirements.

1. Cost-effective fleet financing.

Commercial vehicle hire offers a cost-efficient alternative to purchase, contract hire or leasing. Keep your fleet off-balance sheet and drive down costs with our bespoke pricing.

2. The right vehicles for your business.

Immediate access to a wide variety of modern vehicles, including specialist and bespoke fleet, which can be fitted out and branded to your specifications.

3. Fleet efficiency.

No early-return penalties or charges – scale your fleet up or down as you require, quickly and without fuss.

4. Keeping you moving.

Reduce downtime through vehicle maintenance and repair, delivered through mobile technical support and supplemented by replacement vehicles when needed.

5. Bespoke tailor-made packages.

We get under the hood of your business to understand exactly what you need and create a product specific to you.

6. An extensive network.

Strategically positioned “Van Supersites” offering nationwide coverage and consolidating the highest standards of expertise, service and maintenance support into one location.

7. A personalised service.

Our specialist commercial vehicles team offers personalised, proactive advice, underscored by solid technical and industry knowledge.
