Non-vehicle Operator Membership

2019

Why FTA?

Why be a member?

Join 17,500 other members and gain access to the tools that keep your operation safe, efficient and compliant.

Let FTA be the key component in your logistics operation

FTA is the UK's biggest transport trade association and has been successfully representing the interests of companies moving goods by road, rail, sea and air for more than 129 years.

Our members remain at the heart of our organisation and we feel it is important the money you spend on your FTA membership is used to improve the industry, policies and legislation.

Operator licensing for vans

Irrespective of how Brexit unfolds it now seems entirely likely that vans will be coming into scope of operator licensing through European law in the next few years. FTA is fighting through its permanent presence in Brussels to reduce the impact of the proposals, but hire and reward van operators who move goods internationally will almost certainly be required to hold an operator licence.

Continuous development of transport managers

Traffic Commissioners are increasingly looking for evidence at licence renewal of how transport managers and directors of standard and restricted licences are keeping their knowledge up to date. FTA can help you to understand what is expected and provide you with the means to keep the TCs happy, whether that is through a training course or other compliance information, events and sources.

Member Advice Centre

This offers members advice on anything that affects the compliance of their operations.

Be Compliant

At FTA, compliance is of prime importance. Whilst it can be complicated, we are here to help your operation stay compliant.

Let us be your guide and your support. Our experts can help to explain legal issues, any upcoming legislation and changes to current legislation, how these relate to your operation and what measures you can put in place to avoid non-compliance.

We want to make sure all our members recognise compliance within their operation – this is of upmost importance.

Membership Relations Manager

Your membership includes a dedicated **Membership Relations Manager** in your area, who will deal with any enquiries or needs your operation may have.

Information

Our position within the industry ensures we have a wide and trusted knowledge base. Information is available to you via a range of channels including **free regional member briefings**, **compliance guides** and **briefing notes** on new or changing regulations, **member-only website content** and the highly regarded **FTA Yearbook of Road Transport Law**.

Advice

As a valued member of FTA we want to make sure when you need advice and support it is easily available. That is why you will have unlimited telephone and email access to our **Member Advice Centre[†]** and **Member Service Centre^{†*}**

Supporting our members

We proactively work to help minimise the impact of any new legislation. Some of the issues include: Brexit, fuel duty, apprenticeship levy, changes to drivers' hours and working time, skills shortage, vans coming into scope of operator licensing, new regulations for periodic testing of vehicles, changes to Driver CPC, low emission restrictions coming around the UK, Earned Recognition, CLOCS and FORS, use of in-cab cameras, HGV CO₂ standards, London Direct Vision Standard, self-employed status, opportunities to decarbonise freight and environmental reporting.

Be Confident

Compliance Confidence Index

Our online Compliance Confidence Index (CCI) is a short survey, created to give you confidence in your operation.

Based on your opinion of your operation, the CCI is designed to help you target areas within compliance where your organisation may have weaknesses. The survey gives you a score based on your answers which represents the degree to which your organisation is covered over a number of areas of compliance. If there are gaps, our **Membership Relations Manager** will recommend ways we can help you.
