Welcome to Logistics UK's Transport Manager Conferences

David Wells OBE
Chief Executive
Logistics UK

A handwritten signature in dark ink, appearing to read 'D Wells', with a horizontal line underneath.

Welcome to Logistics UK's Northern Ireland Transport Manager 2024.

This event is a key date in the calendar for fleet managers who recognise the value in preparing for legislative updates and learning about future industry trends, the challenges and opportunities these changes present and of course, taking the opportunity to network with colleagues and peers to keep in touch with the latest industry developments.

Supported once again by the office of the Traffic Commissioners, Logistics UK's Transport Manager 2024 offers delegates the opportunity to hear in-depth presentations from a variety of expert speakers and keep up to date with legislative and compliance news.

Today's thought-provoking programme will provide you with the latest information and guidance on industry legislation to help you manage the safety and compliance of your transport operation.

With attendance counting towards your CPD requirements and the chance to remain informed of the latest compliance updates, this conference also provides you with the chance to network with industry peers.

I hope you have an interesting, informative and rewarding day.

Gold sponsor

<https://brigade-electronics.com>

Brigade Electronics is a market leader of safety devices, with solutions to suit all commercial vehicles. Its complimentary range of passive and active systems are designed to reduce the risk of collisions, protect workers, pedestrians and cyclists and assist the driver by minimizing vehicle blind-spots. Brigade's product range includes 360° camera systems, cameras, monitors, white sound® reversing alarms, obstacle detection sensors, obstacle detection radars and digital recorders.

In addition, Brigade offers an outstanding installation service through its nationwide network of Brigade approved, professional and trained fitters who ensure all products are fitted to the highest standards.

Bronze sponsors

https://www.bp.com/en_gb/united-kingdom/home/products-and-services/bp-fleet.html

<https://www.r2conline.com>

r2c help fleet and workshop managers around the UK run their fleets and businesses easier by giving them complete visibility of their compliance status, keeping their teams connected and their repair partners within reach. Established in 2003, today r2c has more than 100,000 platform users and support more than 60,000 fleets and 1,600 workshops around the UK through its digital solutions, modules and apps.

<https://www.weightmans.com>

Weightmans is a top 40 UK firm, with over 1,400 people across our nine locations. This allows us to provide a national yet personal and local service, wherever you are based.

Our team of lawyers and industry consultants offer practical, commercial and strategic solutions all those involved in the Transport & Logistics Sector on contentious, non-contentious and regulatory issues. Our understanding of your industry goes beyond interpretation of legal conventions, rules and regulations and extends to practical and operational expertise built on years of working in partnership with leaders in the sector across Rail, Road, Aviation and Marine.

<https://www.wtwco.com/en-GB/Industries/transportation-and-logistics>

WTW's Transportation and Logistics Practice is focused on helping fleet operators navigate the

challenges of the insurance market to find the right risk and insurance solutions to fit their business' strategy.

We provide people, risk and capital expertise to trade associations, regulatory bodies and government departments. Our experience spanning transportation logistics and infrastructure, port operations, haulage, distribution, freight forwarding, tour operators, rail, bus and coach, and other industry sectors.

The practice works with specialist colleagues throughout WTW's global network, including marine, construction and aviation, to offer a comprehensive and integrated response to transportation and logistics organisations' specific needs.

Exhibitors

<https://cnsonline.co.uk>

Community Network Services (CNS) has been supplying digital trade solutions to the ports and logistics sector since 1986. We make trade faster and simpler for our customers and ports and logistics communities, enabling smarter trade and ensuring compliance with ever-changing regulations.

The CNS software products include port community system and a suite of customs declaration management tools. Designed to provide users with the latest technology enabling easier, more efficient operations and resilient supply chains. Our world-class support helpdesk is available 24/7.
