## Welcome to Logistics UK's Transport Manager Conferences

**David Wells OBE**  
*Chief Executive*  
Logistics UK

A stylized handwritten signature in dark ink, appearing to read 'DWells'.

Transport Manager is the logistics industry's most popular event and no wonder: Any business using HGVs or vans in its daily work needs to make sure its transport managers are up to speed with the latest rules and regulations governing their use – and there's no better way to get up to speed than by attending one of our Transport Manager conferences.

Supported once again by the office of the Traffic Commissioners and taking place across 10 different locations in the UK (from Yeovil to Falkirk, Cardiff to Belfast) as well as online, Transport Manager 2024 offers delegates the opportunity to hear in-depth presentations from a variety of hand-picked expert speakers.

This thought-provoking programme will provide you with the latest information and guidance on industry legislation to help you manage the safety and compliance of your transport operation.

Every year we strive to make sure all bases are covered providing you with the latest information and guidance on industry legislation to help manage the safety and compliance of your operation as well as providing excellent networking opportunities with your industry peers.

The fact Transport Manager is now entering its 24th year is testament to how well received it has been over the years and how the programme constantly evolves to serve our industry in the best way possible.

I hope you find your event both insightful and enjoyable and look forward to many more years developing this important event.

[https://www.bp.com/en\\_gb/united-kingdom/home/products-and-services/bp-fleet.html](https://www.bp.com/en_gb/united-kingdom/home/products-and-services/bp-fleet.html)

Are you looking for a quality partner to advance your fleet? We provide innovative energy and fleet mobility solutions for fleets of all shapes and sizes. From a single car to thousands of various vehicles – your fleet will be more efficient with bp.

<https://www.r2conline.com>

r2c help fleet and workshop managers around the UK run their fleets and businesses easier by giving them complete visibility of their compliance status, keeping their teams connected and their repair partners within reach. Established in 2003, today r2c has more than 100,000 platform users and support more than 60,000 fleets and 1,600 workshops around the UK through its digital solutions, modules and apps.

<https://www.weightmans.com>

Weightmans is a top 40 UK firm, with over 1,400 people across our nine locations. This allows us to provide a national yet personal and local service, wherever you are based.

Our team of lawyers and industry consultants offer practical, commercial and strategic solutions all those involved in the Transport & Logistics Sector on contentious, non-contentious and regulatory issues. Our understanding of your industry goes beyond interpretation of legal conventions, rules and regulations and extends to practical and operational expertise built on years of working in partnership with leaders in the sector across Rail, Road, Aviation and Marine.

<https://www.wtwco.com/en-GB/Industries/transportation-and-logistics>

WTW's Transportation and Logistics Practice is focused on helping fleet operators navigate the challenges of the insurance market to find the right risk and insurance solutions to fit their business' strategy.

We provide people, risk and capital expertise to trade associations, regulatory bodies and government departments. Our experience spanning transportation logistics and infrastructure, port operations, haulage, distribution, freight forwarding, tour operators, rail, bus and coach, and other industry sectors.

The practice works with specialist colleagues throughout WTW's global network, including marine, construction and aviation, to offer a comprehensive and integrated response to transportation and logistics organisations' specific needs.

# Exhibitors

<https://www.theaa.com>

The AA has long been a champion of van operators and drivers, providing breakdown cover, insurance, SMR and accident management services to a huge range of customers, from sole traders to some of the UK's biggest operational fleets. We're fully committed to supporting drivers through the transition to electrification, with the largest group of EV Level 2 trained technicians in the UK. Our breakdown vans all carry the innovative new Freewheeling Hub alongside our heavy duty multi-fit wheel. It's this capability and partnership approach with Logistics UK that marks the AA out as a leading provider of services to fleets and a proud Logistics UK Van Gold Partner.

[www.allstarcard.co.uk](http://www.allstarcard.co.uk)

Allstar is the UK's market leading fuel, EV and expense card providers for businesses, with over 40 year's expertise.

As the UK's largest and fastest electric charging network for businesses, Allstar is accepted at over 90% of fuel sites across the UK. It has over 1.2 million cards in circulation across 50,000 businesses, giving drivers' access to fuel spend across all supermarkets, major oil companies and motorway fuel sites. The network encompasses more than 20,000 locations nationwide, alongside more than 37,000 charge points and over 53,000 connectors across its growing electric vehicle charging network. 82% of its network is fast, rapid and ultra-rapid.

<https://cnsonline.co.uk>

Community Network Services (CNS) has been supplying digital trade solutions to the ports and logistics sector since 1986. We make trade faster and simpler for our customers and ports and logistics communities, enabling smarter trade and ensuring compliance with ever-changing regulations.

The CNS software products include port community system and a suite of customs declaration management tools. Designed to provide users with the latest technology enabling easier, more efficient operations and resilient supply chains. Our world-class support helpdesk is available 24/7.

## LOGISTICS UK

### Recovery Service

<https://logistics.org.uk/recovery>

LOGISTICS UK Recovery is a cost-effective pay-as-you go vehicle recovery service, provided by The AA, exclusive to Logistics UK members. Registering for the service is free and includes a reduced tariff, compared to standard commercial AA rates. Cover includes HGVs, vans, minibuses and cars. (Minibus service offers a 40 per cent discount on standard AA rates and is not pay-as-you-go). The service also provides European cover, but this must be arranged prior to travel.

[www.thettcgroup.com](http://www.thettcgroup.com)

Providing more than one million driving licence checks a year, TTC (formerly Licence Bureau) is Logistics UK's longstanding driving licence checking affinity partner.

As a Logistics UK member, when you subscribe to TTC's Continuum driver licence check platform, your Vision account can be configured to display all tachograph driver licence and DQC check results, providing automated alerts to help you to react more quickly to specific driving licence compliance issues.
