Welcome to Logistics UK's Transport Manager Conferences

David Wells OBE
Chief Executive
Logistics UK

A handwritten signature in dark ink, appearing to read 'DWells'.

Transport Manager is the logistics industry's most popular event and no wonder: Any business using HGVs or vans in its daily work needs to make sure its transport managers are up to speed with the latest rules and regulations governing their use – and there's no better way to get up to speed than by attending one of our Transport Manager conferences.

Supported once again by the office of the Traffic Commissioners and taking place across 10 different locations in the UK (from Yeovil to Falkirk, Cardiff to Belfast) as well as online, Transport Manager 2024 offers delegates the opportunity to hear in-depth presentations from a variety of hand-picked expert speakers.

This thought-provoking programme will provide you with the latest information and guidance on industry legislation to help you manage the safety and compliance of your transport operation.

Every year we strive to make sure all bases are covered providing you with the latest information and guidance on industry legislation to help manage the safety and compliance of your operation as well as providing excellent networking opportunities with your industry peers.

The fact Transport Manager is now entering its 24th year is testament to how well received it has been over the years and how the programme constantly evolves to serve our industry in the best way possible.

I hope you find your event both insightful and enjoyable and look forward to many more years developing this important event.

Gold sponsor

<https://brigade-electronics.com>

Brigade Electronics is a market leader of safety devices, with solutions to suit all commercial vehicles. Its complimentary range of passive and active systems are designed to reduce the risk of collisions, protect workers, pedestrians and cyclists and assist the driver by minimizing vehicle blind-spots. Brigade's product range includes 360° camera systems, cameras, monitors, white sound® reversing alarms, obstacle detection sensors, obstacle detection radars and digital recorders.

In addition, Brigade offers an outstanding installation service through its nationwide network of Brigade approved, professional and trained fitters who ensure all products are fitted to the highest standards.

Bronze sponsors

https://www.bp.com/en_gb/united-kingdom/home/products-and-services/bp-fleet.html

Are you looking for a quality partner to advance your fleet? We provide innovative energy and fleet mobility solutions for fleets of all shapes and sizes. From a single car to thousands of various vehicles – your fleet will be more efficient with bp.

<https://www.r2conline.com>

r2c help fleet and workshop managers around the UK run their fleets and businesses easier by giving them complete visibility of their compliance status, keeping their teams connected and their repair partners within reach. Established in 2003, today r2c has more than 100,000 platform users and support more than 60,000 fleets and 1,600 workshops around the UK through its digital solutions, modules and apps.

<https://www.weightmans.com>

Weightmans is a top 40 UK firm, with over 1,400 people across our nine locations. This allows us to provide a national yet personal and local service, wherever you are based.

Our team of lawyers and industry consultants offer practical, commercial and strategic solutions all those involved in the Transport & Logistics Sector on contentious, non-contentious and regulatory issues. Our understanding of your industry goes beyond interpretation of legal conventions, rules and regulations and extends to practical and operational expertise built on years of working in partnership with leaders in the sector across Rail, Road, Aviation and Marine.

<https://www.wtwco.com/en-GB/Industries/transportation-and-logistics>

WTW's Transportation and Logistics Practice is focused on helping fleet operators navigate the

challenges of the insurance market to find the right risk and insurance solutions to fit their business' strategy.

We provide people, risk and capital expertise to trade associations, regulatory bodies and government departments. Our experience spanning transportation logistics and infrastructure, port operations, haulage, distribution, freight forwarding, tour operators, rail, bus and coach, and other industry sectors.

The practice works with specialist colleagues throughout WTW's global network, including marine, construction and aviation, to offer a comprehensive and integrated response to transportation and logistics organisations' specific needs.

Your membership gives you more than you think

Logistics UK is one of the biggest business groups in the UK, supporting, shaping and standing up for efficient logistics. We are the only business group in the UK that represents all of logistics, with members from the road, rail, sea and air industries, as well as the buyers of freight services such as retailers and manufacturers whose businesses depend on the efficient movement of goods.

Benefits of our Membership
