LOGISTICS UK

Vision

One-stop fleet and driver compliance control

Vision

Driver, fleet and operations compliance management in a powerful, modular platform.

Vision is Logistics UK's best-in-class digital platform, designed to give your organisation **complete**, **real-time visibility** over compliance and operational performance.

Bringing together audits, tachograph analysis, training, vehicle inspections, licence checks and more, ***Vision*** helps you **streamline processes**, **reduce risk** and **focus your resources** more effectively.

All reports, tools and services are integrated into **a single**, **easy-to-use portal**, making ***Vision*** your one-stop shop for smarter compliance management.

With ***Vision***, you don't just meet standards – you stay ahead of them!

Mixed fleets

Vision is the one-stop shop for your entire fleet, no matter the shape or size.

Industry knowledge

As one of the UK's largest business groups, we bring unmatched expertise and customer support.

In-house developers

Vision is maintained by our *in-house team of developers* who are able to provide you with a personalised user experience.

Integrations

Vision integrates with a range of telematics providers to ensure your tachograph records stay updated with the latest vehicle and driver data.

Combined Vision

Bringing together Logistics UK's industry-leading services, ***Vision*** delivers a single, integrated platform where all your compliance and operational data works together seamlessly. Check out just some of the features of ***Vision***!

Tacho – Earned Recognition tachograph analysis for driver and vehicle compliance.

Inspections – Vehicle Inspection Service, with full reports and KPI visibility.

PCN – Penalty charge management and control with reports and dashboards.

Check – Customisable checklists for all assets and incidents with full reporting options available.

Audits – Logistics UK's audits, compliance reviews and reports in one place.

Risk – Highlight and manage key risk trends by employee, asset and organisation.

Training – Training records and certifications provided by Logistics UK.

Licence – Driver licence checking via Driver and Vehicle Licensing Agency (DVLA), for automatic validation and control.

App – View tacho data and infringements, licences, complete checks and more.

Tachograph Analysis and Compliance Reviews

Take the guesswork out of tachograph compliance with clear dashboards, real-time uploads, and full visibility of driver hours, working times and infringements.

- Instant uploads and KPI dashboards.
- Benchmarking across national, sector and Earned Recognition standards.
- Debriefs, working times and micro-training via the ***Vision*** App.
- Full API suite for integration with leading telematics, camera and other partners.
- Leading UK based helpdesk and full support.
- Compliance coverage for EU Drivers' Hours, GB Domestic Rules, Working Time Directive and Driver and Vehicle Standards Agency (DVSA) Earned Recognition.

Did you know?
We also have a Tachograph Compliance Review Service, where an experienced advisor works with you to interpret your data and build a sustainable compliance culture with KPI goals.

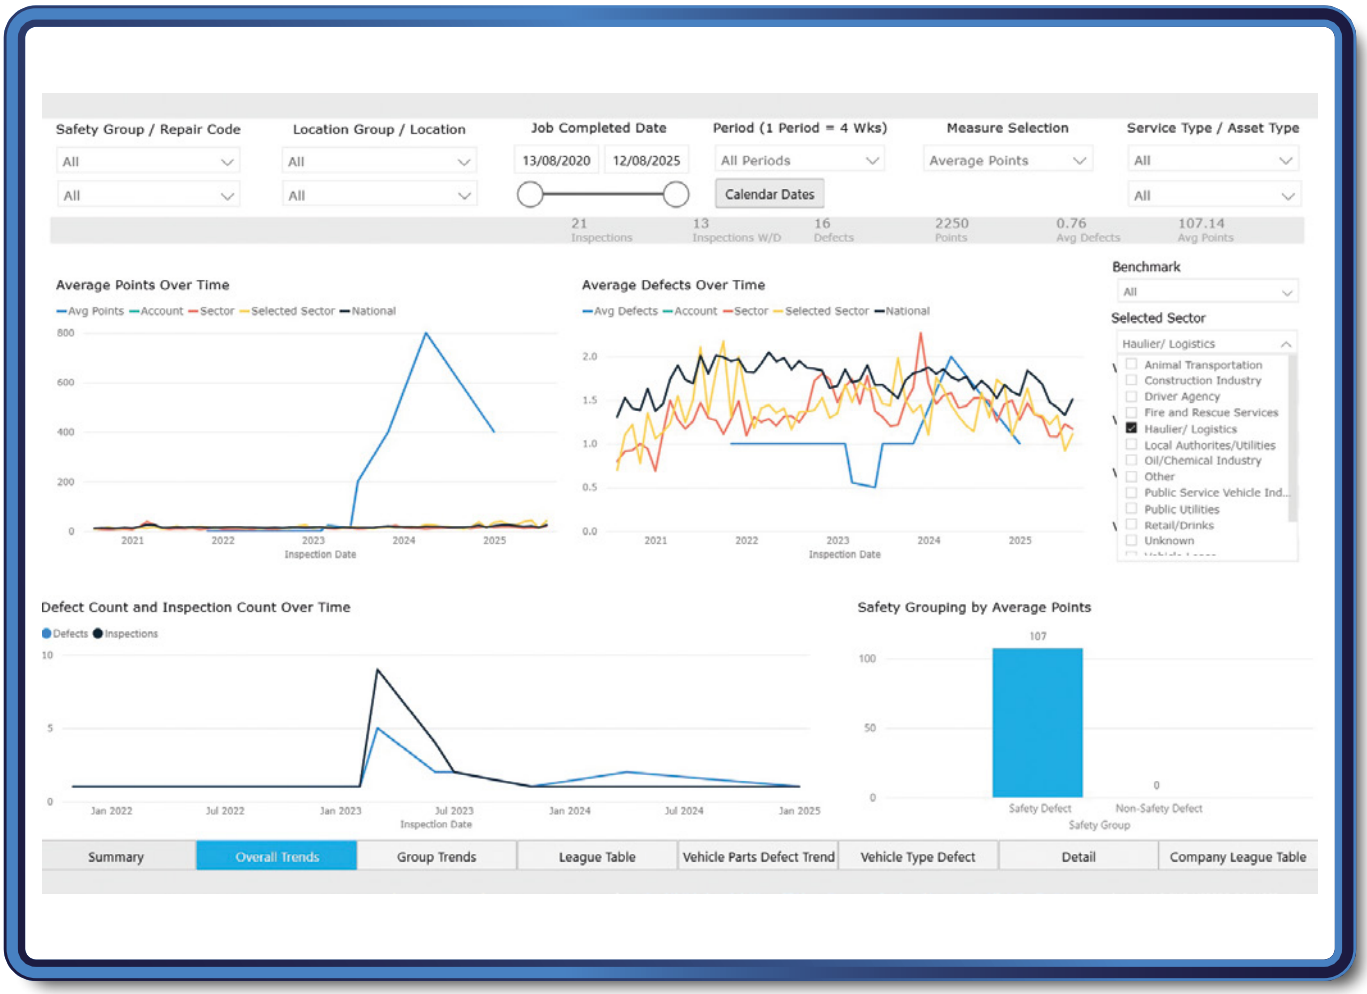
Vehicle Inspection Service

Gain real-time insight into your fleet's condition and compliance. Benchmark performance, track inspection outcomes and uncover high-risk trends.

- Real-time insights and defect tracking.
- Walkaround and Gate Exit Check Dashboards.
- Trend analysis and depot performance monitoring.
- Integrated inspection booking and reporting.

Did you know?
We can tailor inspections and visits around your operational needs including frequency, type, timing and location. This can include unannounced spot-checks or pre-planned visits.

ISO17020:2012
ISO27001:2022



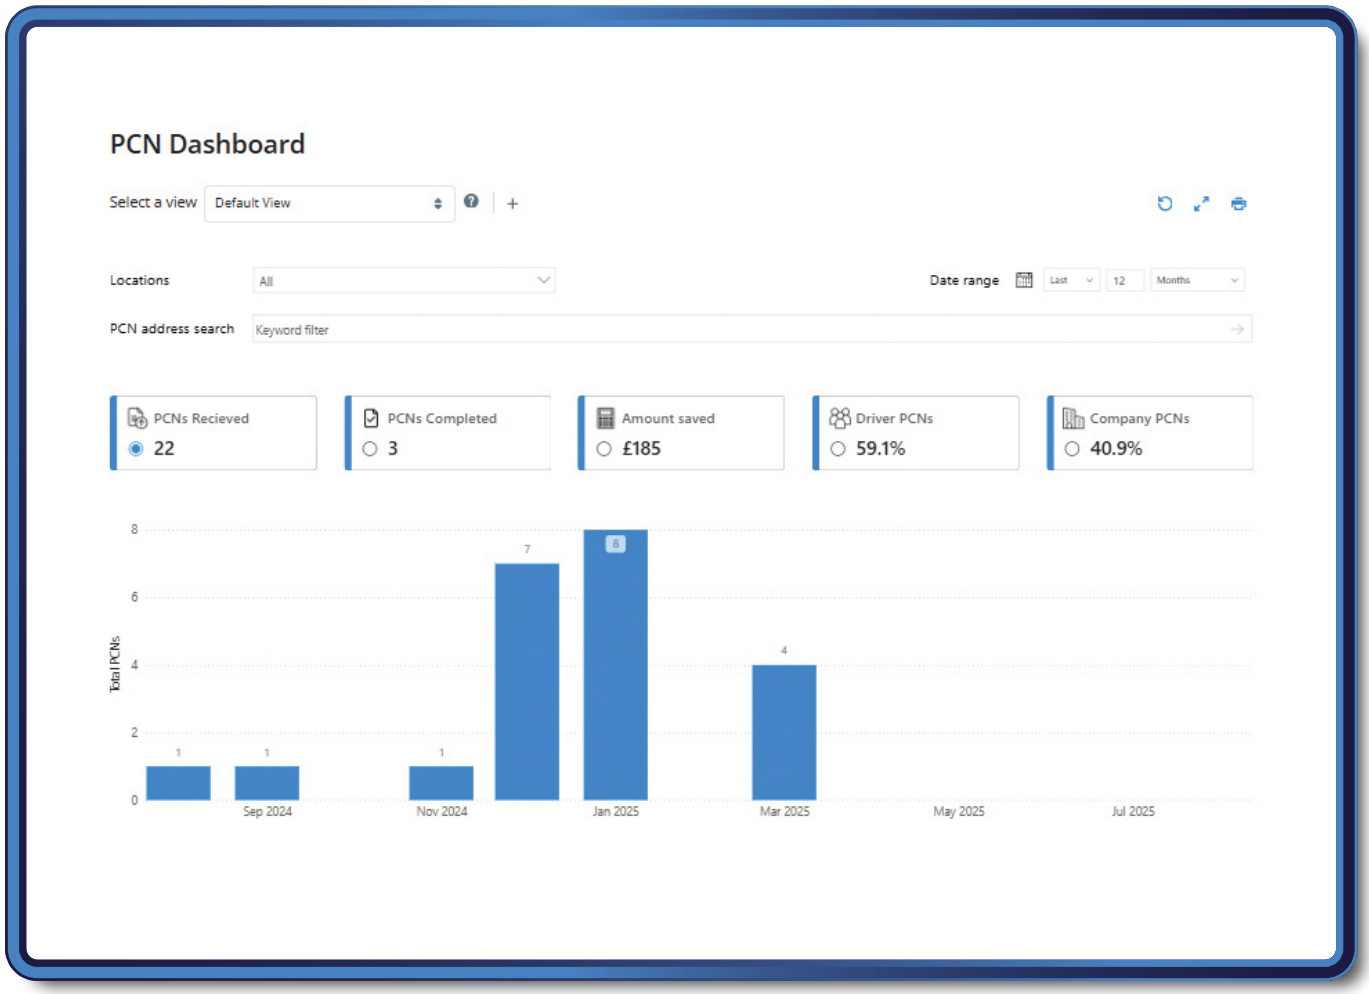
Penalty Charge Notice (PCN) Management

Avoid unnecessary costs with full-service PCN management and visibility within ***Vision***.

- View volumes, trends and cost savings in real time.
- Identify hotspot locations and high-risk drivers.
- Track appeals and outcomes.
- Full audit trail with spending analysis.

Did you know?
Our managers will work with you to highlight what has been saved, successfully appealed and reoccurring trends to minimise fines where possible.

ISO27001:2022



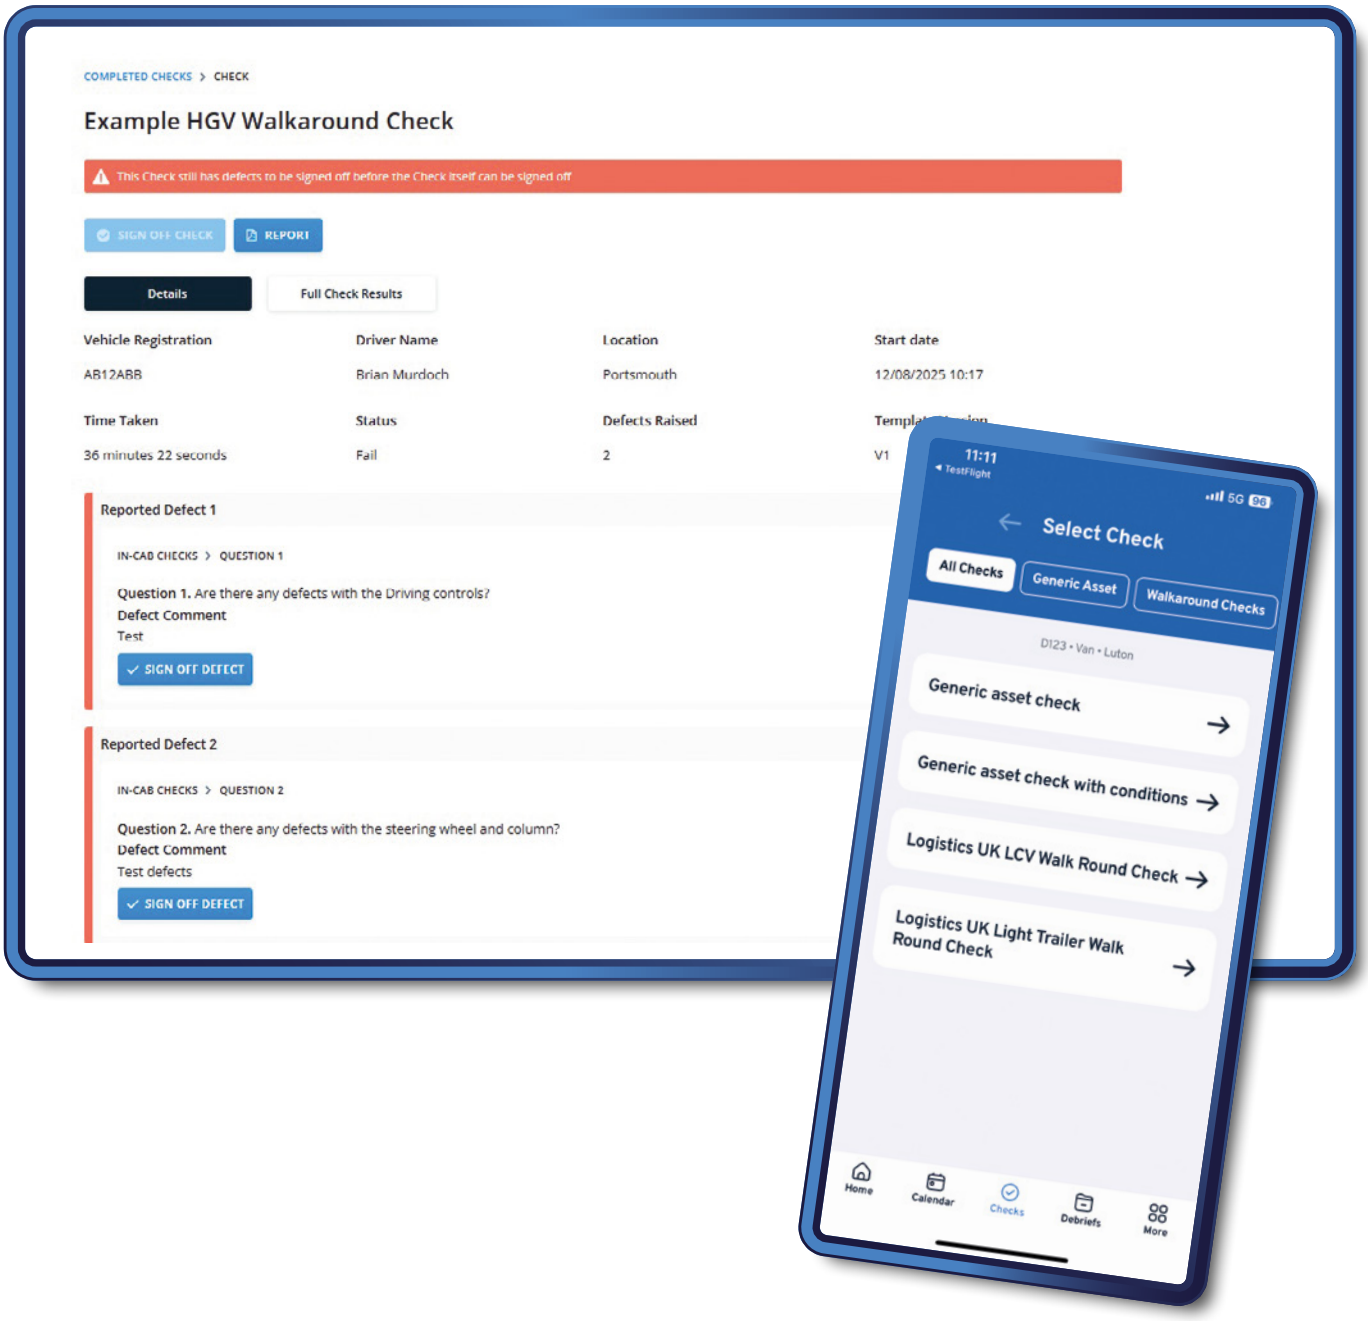
Check

Fully customisable checklists and templates for all assets, vehicles and incidents. Complete daily walkaround checks with ease and instantly access full defect reporting to identify trends and maintenance issues.

- Easy to edit and copy templates for all vehicle and asset types.
- Unlimited checklists, configurable for every type of operation.
- Easily capture images, GPS location and time and date.
- View, test layout and edit and publish as required.

Did you know?
You can create incident, accident, safety or other templates as required for your operation. Manage, update and publish your own templates simply and easily.

ISO27001:2022



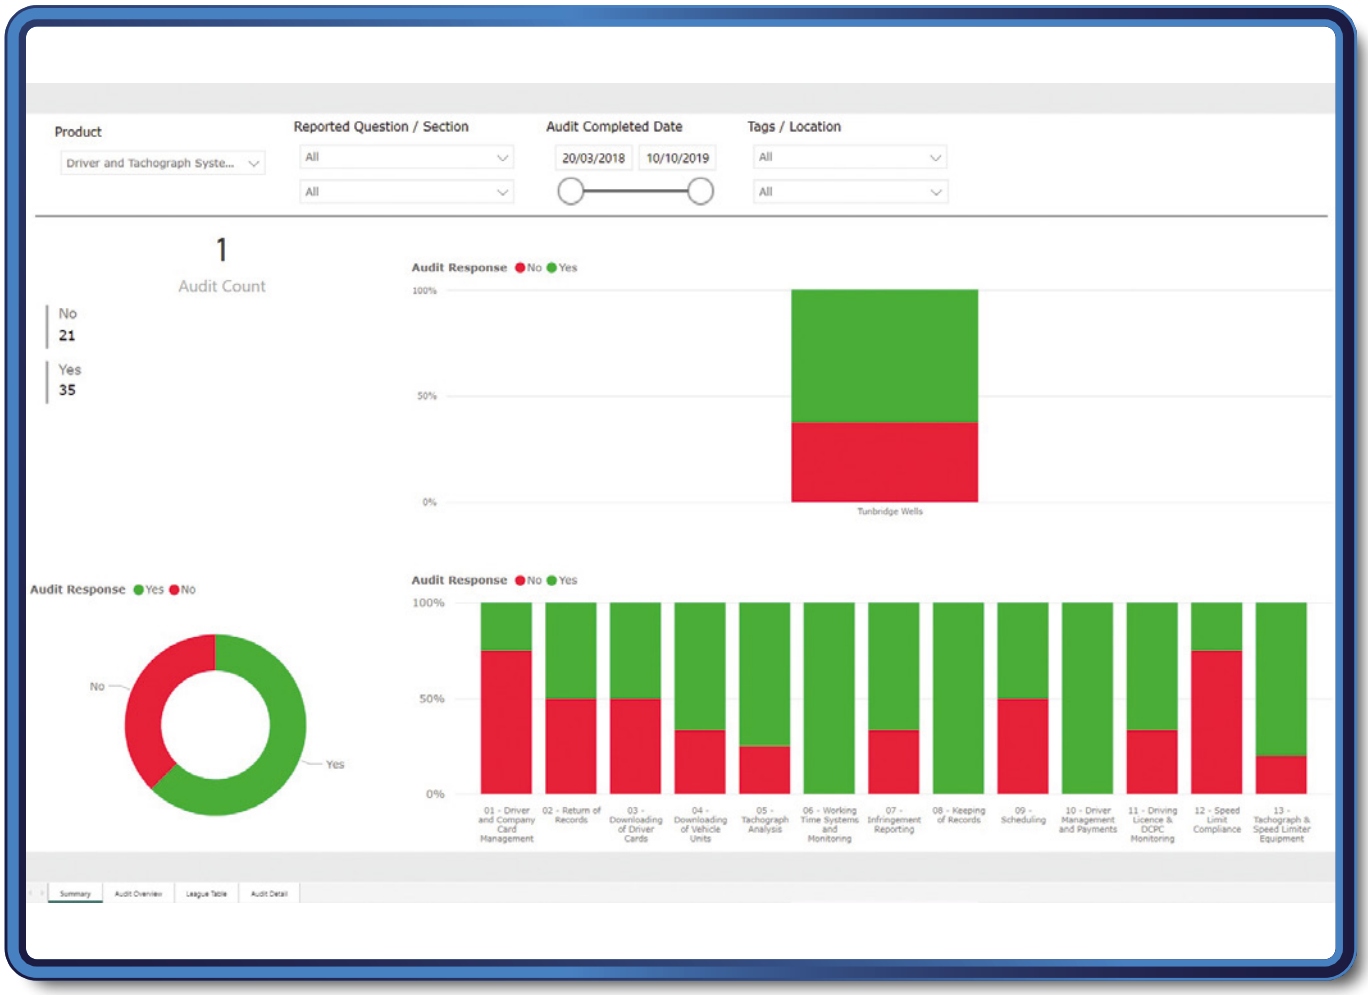
Audits

View Logistics UK's ISO9001:2015-certified audits and results anytime via ***Vision***. Keep everything in one place for easy for easy access, analysis and retrieval.

- Expert-led, impartial reviews.
- Secure on-demand access to audit reports.
- Easily share and track audit findings.
- Continuously expanding auditing tools.

Did you know?
We have a full range of audit services and can easily tailor audits to your individual operational requirements. We also provide Fleet Operator Recognition Scheme (FORS) and Earned Recognition audits.

ISO9001:2015
ISO27001:2022



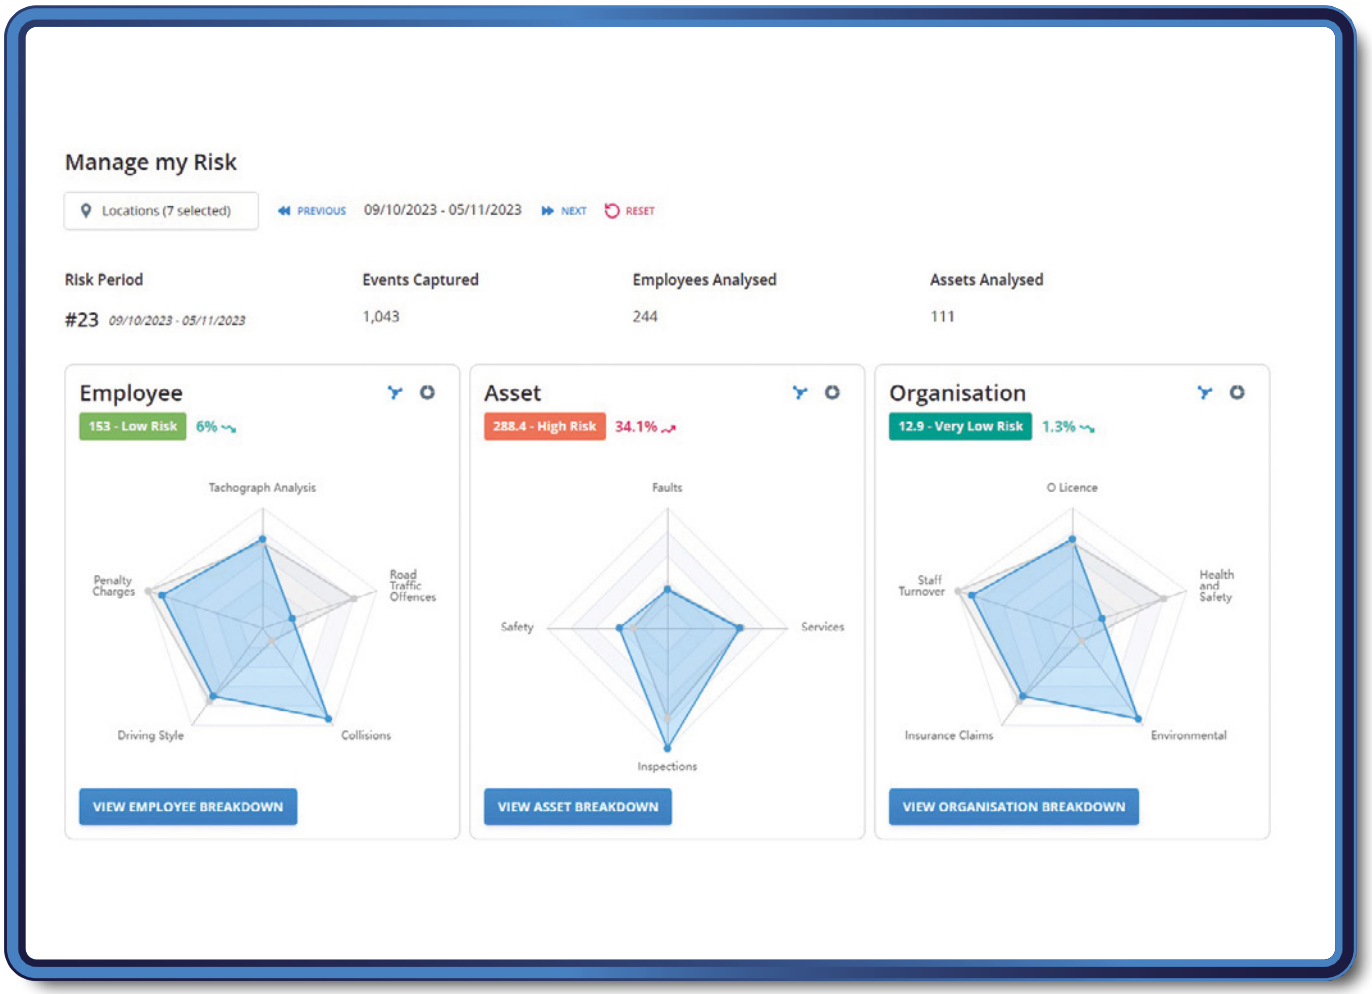
Risk

Transform risk management with ***Vision***'s powerful dashboard, bringing together 40+ integrated data sources across your fleet, drivers and organisation.

- Real-time risk trend identification.
- Configurable insights across employees, assets and organisation.
- Sharpen focus for audits and safety improvement.
- Improve decisions with less manual effort.

Did you know?
Our API suite is constantly growing. We work with most major telematics, tracking and camera partners. We can save you time, money and admin with data integration.

ISO27001:2022



Training

Manage all training needs in one place. Book courses, track results and access certifications through ***Vision***. Proactively monitor expiring qualifications to maintain workforce readiness and compliance.

- Store certificates and results centrally.
- Track training gaps and renewals.
- Full visibility of workforce qualifications.
- Alerts for expiring certificates, highlighting training needs.

Did you know?

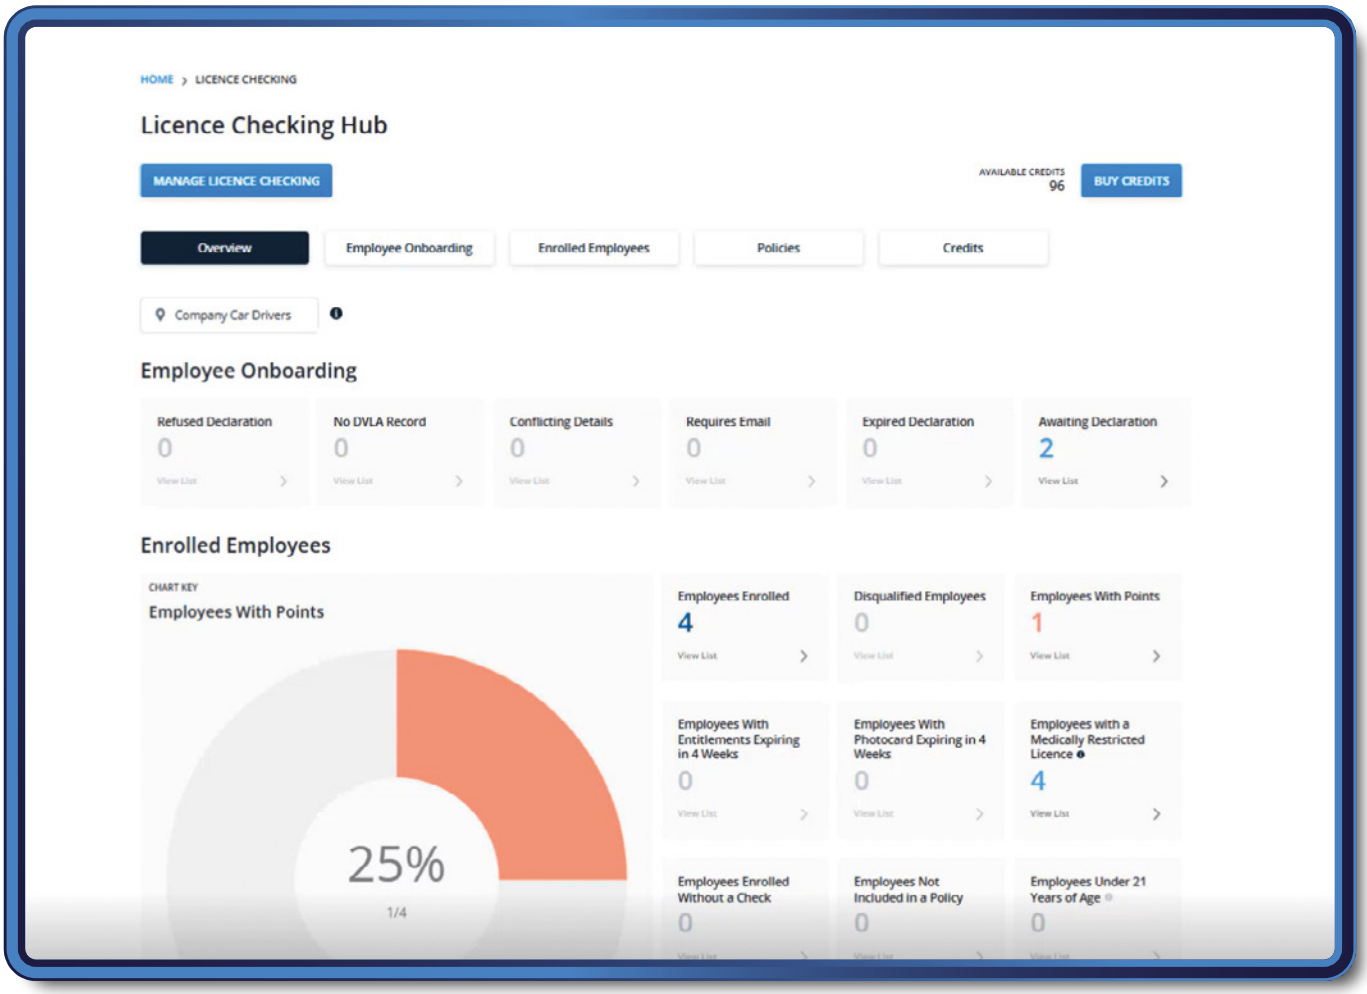
Licence Check

Automate your DVLA licence checks with ***Vision*** for fast, secure and fully compliant verification. Set up once and let scheduled checks run in the background, saving time, reducing risk and ensuring duty of care.

- DVLA-linked real-time checks.
- Alerts, reports and digital authorisation, GDPR and ISO27001:2022 compliant.
- Easy to schedule and manage.
- Ensure company car and driver policies are adhered to.
- Manage and automate grey fleet checks with ease.

Did you know?
Our Licence Checking service covers all driver licence categories and vehicle types. Automated checks are completely configurable against your own policies.

ISO27001:2022



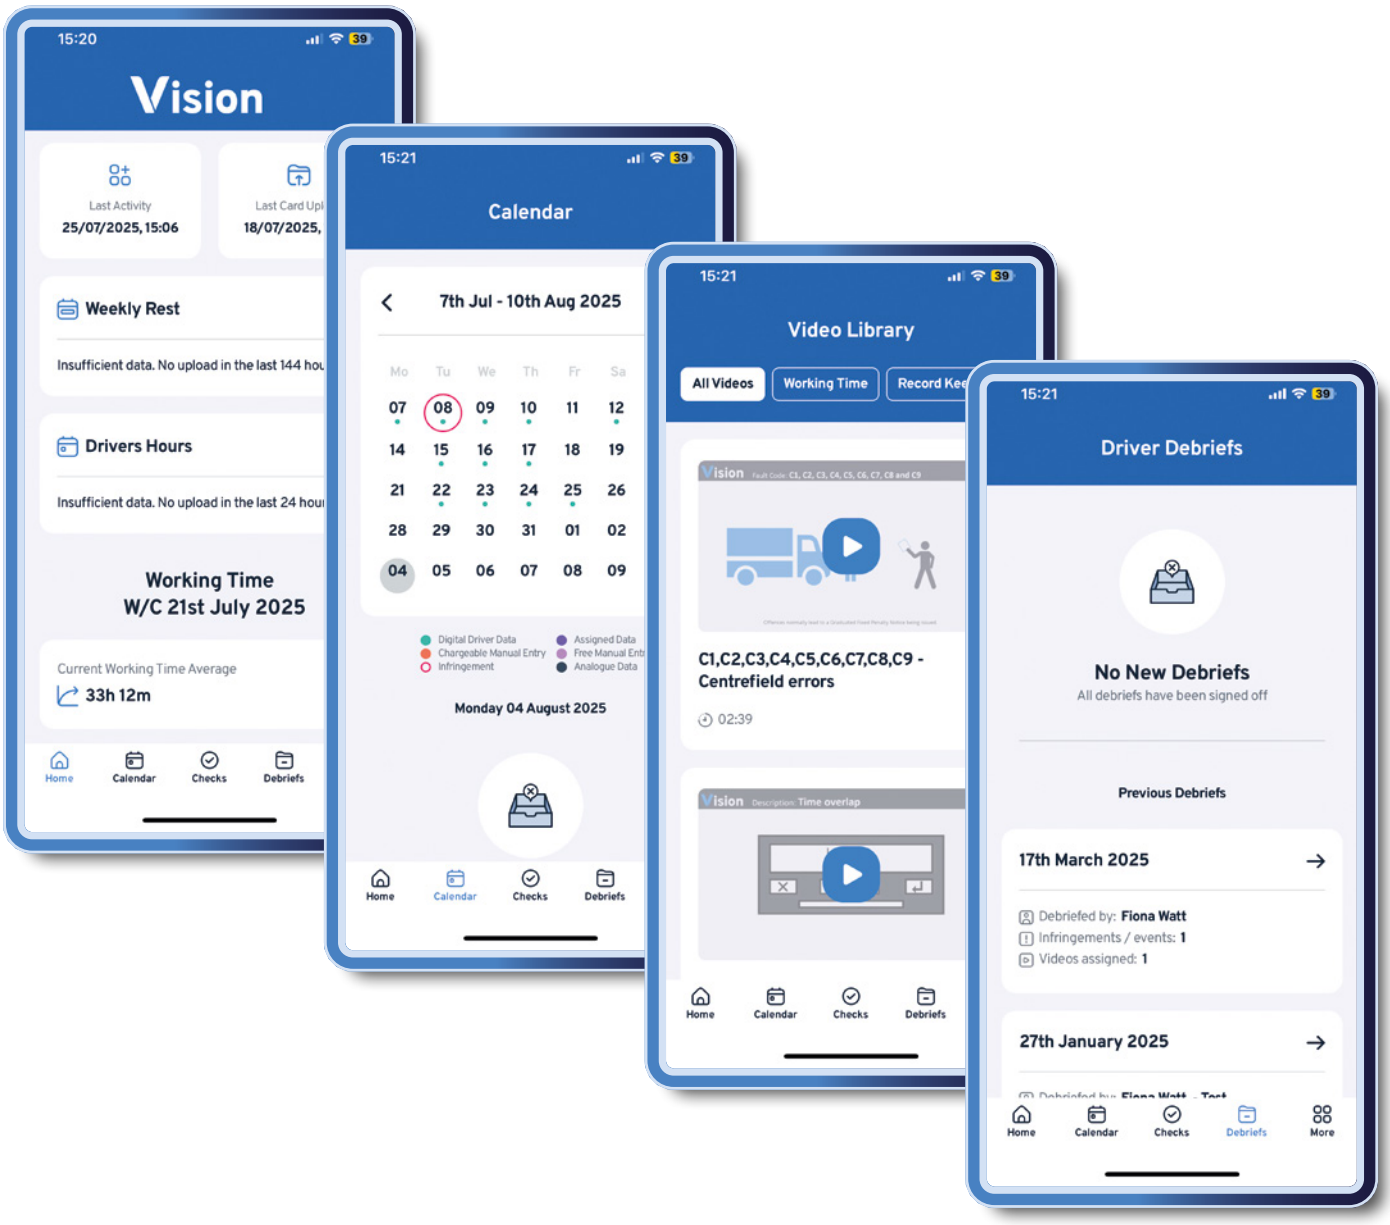
Vision App

The ***Vision*** App gives drivers instant access to essential information on working hours, rest periods, shift history, debriefing and more, all in a secure, easy-to-use format.

- See remaining driving hours, weekly rest and activity at a glance.
- View shifts, vehicles driven and sign off infringements.
- Watch Microtraining videos on-the-go.
- Complete asset, vehicle and incident checks.
- See driving licence information and much more!

Did you know?
The *Vision* App is growing! Updates will soon be announced on new features and functionality.

ISO27001:2022



Built for the future

Vision is always evolving. Backed by our dedicated team of in-house developers, leading support team and Member Advice Centre, the platform is constantly updated to deliver smarter tools, stronger performance and even more value for your business.

From new features to enhanced reporting and improved integrations, Vision continues to grow with your needs.

- Regular platform updates and enhancements.
- New tools and modules added frequently.
- Built around user feedback and industry changes.

To keep up with our new features, check out our webpage

Don't just take our word for it...

Vision is already helping operators across the UK simplify compliance, save time and money.
